— ESTABLISHED 1850 —

Middle School families,

Happy New Year!

In the spirit of the New Year - we discussed creating realistic resolutions with our students at our morning assembly. Their challenge is to highlight one of two areas of their lives where they would like to make improvements and to begin putting some pieces in place in order to make those improvements. I cannot emphasize enough how ripe the time is for all parents to discuss these resolutions with their son. Often times when young people are given the opportunity to create goals for themselves - you see a new energy and intensity about making it work.

As the end of the first semester nears (January 26th) - please continue to closely monitor grades and progress. Students who fail a class for the first semester are putting themselves in a position to possibly fail for the year and attend summer school. La Salle Institute does require any student or students who fail a class to attend summer school. We certainly do not want any of our students to fall into that position. A reminder that extra review sessions are available with all of our teachers. Tutoring may also be available for students who are interested.

A reminder to our 8th Grade families that 8th Grade Letters of Intent are due back to my office by February 1, 2018.

So many positive things continue to happen within the building each day. Our Facebook page tries to capture as many of those positive moments as possible. Please be sure to check out our Middle School Facebook page and to also encourage any families who may be looking at the school to take a look. The page does a nice job of capturing the spirit of the Middle School.

All in all, the boys have settled back into their routine after the Christmas break. We are all looking forward to the warmer weather which is now creeping closer and closer! Our hope is that all of our boys finish the semester strong and continue to display their zeal for learning!

Go Cadets!

Mr. Steven M. Sgambelluri
Middle School Principal
